    - (6) Application for County Forest Law Entry;
  - (k) Open 2016 tree hand planting bids (attached);
  - (l) 2015 Budget:
    - (1) Carryovers/reserves;

**FOREST, PARKS, AND RECREATION COMMITTEE MEETING**  
**Douglas County Board of Supervisors**  
**Monday, December 28, 2015, 9:33 a.m., Forestry Headquarters**  
**Solon Springs, Wisconsin**

Meeting called to order by Chair Mark Liebaert.

**ROLL CALL:** Present – Mark Liebaert, John Robinson, Terry White, Robert Mock, Mary Lou Bergman. Others present – Peter Nordgren, Terry Asleson, Jon Harris, Mark Schroeder, Judy Nicoski, Cheryl Westman, Committee Clerk.

**APPROVAL OF MINUTES:** Motion by Mock, second Bergman, to approve the minutes from the October 20, 2015, timber sale meeting and the October 26, 2015, regular meeting. Motion carried.

**Department Reports:**

**Budget:** Included with members' meeting packet. Nicoski reviewed the budget for the time period ending November 30, 2015.

**Forest Management Operations:** Harris reported 7 active jobs cutting, and 12 jobs hauling.

**Parks and Recreation:** Schroeder reported Mooney Dam project complete; summer trails still open; sections of winter recreational trails slowly opening (check Douglas County website for updates).

**ACTION ITEMS/REFERRALS:**

**Non-County Forest Douglas County-Owned Parcels County Forest Entry request (North Country Trail Association):** Peter Nordgren, North Country Trail Association present, requesting Land and Development Committee recommend either (1) granting of permanent easement for trail or (2) entry of county owned parcels into County Forest designation, with the later preferred for further protection of the trail. Seeking support from this committee for willingness to enter parcels into County Forest designation contingent upon referral of the same from the Land and Development Committee.

**ACTION (REFERRAL):** Motion by Liebaert, second White, to recommend to Land and Development Committee that in the event they approve entering the parcels into County Forest designation, this committee will support such recommendation. Motion carried.

**Tree Stand Regulation on WDNR-Owned or Controlled Lands:** Interest in changing the state law regulating the use of tree stands on WDNR public lands is growing. Involved parties potentially seeking support from this committee. Harris to keep committee updated on issue status.

**ACTION (REFERRAL):** Motion by Liebaert, second Robinson, to refer issue to future meeting. Motion carried.

**Regulation of Non-County Forest County-Owned Lands (Granting Exclusive Administrative Authority Upon Forest Management Request – Entering Into Memorandum of Agreement):** Draft memorandum in packet – reviewed – adding percentage amount into “proceeds” section of agreement (page 2) suggested.

**ACTION (REFERRAL):** Motion by White, second Bergman, to add 10% in proceeds section to be retained by the Forestry Department and be designated for purposes of land acquisition and refer Memorandum of Agreement to Land and Development Committee. Motion carried.

**2016 Department Annual Work Plan:** Attached – reviewed. Harris directed to make minor revisions to plan.

**ACTION (RESOLUTION):** Motion by Robinson, second Mock, to approve 2016 Department Annual Work Plan with revisions, and forward to the County Board. Motion carried unanimously.

**INFORMATIONAL ITEMS/CORRESPONDENCE:**

**Timber Sale Contract #3986:** Due to contract expiration, the entire performance bond of \$21,200.00 was retained by the Forestry Department, with contractor suspended from bidding for three years.

**Reports:**

**Wisconsin County Forest Association:** Robinson to attend February 12, 2016, Board of Directors meeting in Rhinelander and strategic planning meeting Thursday, February 25, 2016 in Treehaven.

**WDNR County Forest Liaison:** Asleson provided local WDNR staff update.

**ADJOURNMENT:** Motion by Bergman, second Robinson, to adjourn. Motion carried. Meeting adjourned at 11:11 a.m.

Submitted by,

Cheryl Westman, Committee Clerk

Douglas County Forestry

Re: Car Show

Dear Sir,

The Duluth AAd Shrine is organizing a car show in the Village of Solon Springs.

We are seeking permission from the forestry department to hold a car show in or around Lucious Woods Park on August 6, 2016 the time is yet to be decided, but the approximate time is 9:00 a.m. to 4 p.m.

We have talked to Jim Clemmer's who owns the local Dairy Queen and who's business would be effected by the street closer. Jim was very excited about the event and has no objection to the road being close. We have mapped out and noted all roadways that can be used as alternate routes and will leave it to your office to suggest the best emergency routes. We have made a great effort to contact all party's that would be effected by this even to obtain permission.

We have met with the Lucius Woods Park Comittee and Michael Blaylock the president of the Town of Solon Springs and have received permission to hold this event. We have contacted local car clubs and believe we could see as many as 200 cars, trucks and motorcycles.

We are planning on the Car Show to be held August 6, 2016 to coordinate with the White Sidewalls who will be playing at the Ampi Theater on the same day.

We have also contacted local clubs and the School to see if they would like to partake in this event and to set up any fund raising booths that would benefit their needs or groups.

We have contacted the local Law enforcement about any security issues and there is a Deputy that lives in or near the Solon Springs area the is willing to help in what ever way he is needed.

Everyone that we have talked to hope that this event will come together and possibly turn into an annual event.

Thank you

Jack Byrd

Imperial Ambassador, Duluth AAD Shrine

# NORTH WEST CHAPTER

Wisconsin Woodland Owners Association

JAN 13 2016

4b.

Douglas County Forestry Committee  
Douglas County Forestry Dept.  
Solon Springs, WI

My name is Kent Makela and I am making a request to be on the Forestry Committee's agenda for the February 29, 2016 meeting. I will be asking the Committee to waive the rental fee for the Bird Sanctuary Club House for our event planned for May 21, 2016.

I am the Douglas County representative for the Northwest Chapter of the Wisconsin Woodland Owners Association, a non-profit organization. Our goal is to help and support private forest land owners manage their forest land for all woodland benefits, now and in the future. We try to hold at least two educational field days a year.

This year's spring event will be held on and near the Bird Sanctuary grounds. We can expect between 15 and 40 members, and of course, the general public is welcome to attend, as well. Bob Hanson, from Crex Meadows will give a presentation on maintaining fire-dependent communities and the importance of the Northwest Sands ecosystem. Fred Strand will take us on a brief tour to highlight Bob's talk. In the afternoon, we will have a forester from Douglas County take us into some Douglas County-owned forest land to discuss the County's management strategies.

I can provide more detail and answer any questions at the February meeting.

Best Regards,

*Kent Makela*

Several years ago, the Brule River Riders Snowmobile Club maintained a 3 mile long trail known as "Trail F" that linked Trail 4 to the Tri-County Corridor at Blueberry/ County Road O in the Town of Maple. The trail was closed many years ago when it was deemed too costly to maintain.

Over the past couple of years, we've received a few requests asking us to reopen the trail, but have chosen to deprioritize the project given the amount of overgrowth on the trail. We've recently learned of Timber Sale (4278) in that location, and see it as an opportunity to now reopen that trail since the logging company plans to utilize the old trail for timber access. After reviewing the map of the sale area, it appears that roughly 2/3 of the trail will be utilized for access. We'd like to take advantage of their access road and reestablish the trail once logging is complete. We feel we can complete the rest of the trail south of the Timber Sale, and link it to Trail 4.

Do you foresee any barriers to our club pursuing this project? Do you anticipate the need for us to formally request access via the Forestry Committee to reopen the trail? We understand that Grubbe Logging may have already begun some preliminary work in this area, thus the reason for the timing of this request.

I would welcome any thoughts that you may have on this project. Assuming that there's no unforeseen barriers, we could potentially begin preparation on the remaining section of trail once logging in the area commences. Please don't hesitate to contact me on my cell at 218-206-5002 if you have any questions. Thank you- we look forward to your thoughts on this project.

Bryan D. Ziemann  
Secretary  
Brule River Riders Snowmobile Club

PO Box 211  
Solon Springs, WI 54873

Dear Jon:

Enclosed you will find the easement for right-of-way and brushing permit for the proposed Canadian National Railroad powerline extension. We are proposing to run an underground cable parallel & adjacent and off of the road right-of-way on Pit Dr to include the following parcels: GO0120094500, GO0120098800, GO0120098200, GO0120098400.

Please review the enclosed documents and let us know if that is all that needs to be submitted for the board meeting at the end of February.

Thank-you,

Amanda Kavajecz  
New Service Coordinator

**KNOW ALL MEN BY THESE PRESENTS**, that DOUGLAS COUNTY, a political subdivision of the State of Wisconsin, hereinafter referred to as the GRANTOR, in consideration of the sum of \$XXXXXX and other valuable consideration, the receipt of which is hereby acknowledged do(es) hereby grant, bargain, sell, warrant, and convey unto DAHLBERG LIGHT AND POWER COMPANY, a corporation organized and existing under the laws of the State of Wisconsin, hereinafter referred to as the GRANTEE, the right, privilege, and easement forever to enter upon the property hereinafter described and from time to time to erect, construct, operate, maintain, patrol, inspect, service, repair, remove, relocate, and reconstruct over and under said property, **one (1) (describe the voltage and type of line)** underground line for the transmission or distribution of high voltage electric energy, including, without limitation all necessary or convenient wires, cable ground connections, service lines, fixtures, appliances, etc., or use of said lines, including without limitation unless otherwise specified herein the right to trim, cut, and keep clear all trees, limbs, and undergrowth along said lines and all trees adjacent thereto that may in any way endanger the proper operation of the same. Easement rights and privileges set forth herein are granted upon the following described property, to wit:

**Recording Area**

**\*\*All parcels located in the Town of Gordon, Douglas County, Wisconsin.**

**A 15 feet wide area continuously adjoining and located immediately adjacent and parallel to the Southern and Eastern outside edge of the right-of-way for Pit Drive Town Road and Hungry Bear Trail County Forest Road. For purposes of this easement, said road right-of-way for Hungry Bear Trail County Forest Road shall be defined as an area measured 33 feet from road centerline.**

**IT IS UNDERSTOOD BY THE GRANTOR AND THE GRANTEE THAT  
 THE FOLLOWING TERMS AND CONDITIONS SHALL APPLY:**

1. The rights of the GRANTEE herein granted shall apply only to the particular parcels of land granted by this easement and such GRANTEE shall have no right of any nature whatsoever to enter upon adjoining County Forest lands outside of the right-of-way for any purpose, except the GRANTEE shall have the right to cut and/or trim trees and/or other vegetation overhanging the right-of-way or as may be necessary to have ingress to and egress from said right-of-way.
2. The GRANTOR does not guarantee or warranty, either expressed or implied, that said roads rights-of-way and/or general easement area herein described are located either completely or partially on lands owned by itself and the GRANTEE agrees to assume full responsibility and liability for determining any and all necessary land ownership boundaries and agrees to protect and hold the GRANTOR harmless from the same, including any and all claims or suits arising from the same.
3. The GRANTOR must be notified at least **30 calendar days** prior to the GRANTEE entering upon County Forest lands to perform initial construction activities and for any scheduled substantial maintenance or repair activities thereof after. General maintenance activities and/or unscheduled emergency repair activities are excluded from this condition.
4. The GRANTEE agrees to pay the GRANTOR a one-time, single lump sum payment for all standing timber and future loss of timber production on said right-of-way at the time this easement is granted at the current and regular compensation rates charged by Douglas County, said compensation rates to be exclusively determined by Douglas County.
5. In accordance with Douglas County Ordinance 1.17, all pesticides shall be prohibited from use on Douglas County lands including the right-of-way herein granted. As defined in the Ordinance, "Pesticide" includes any substance or mixture of substances labeled or intended for use or used for defoliating plants, inhibiting plant growth, or accelerating the drying of plant tissue.
6. There shall be no substantial change in the contour of the land as a result of the GRANTEE'S activities. As directed and approved by Douglas County; all stumps, debris, and cut vegetation shall be removed from Douglas County lands or properly disposed of and scattered; and shall not be stacked or piled at the edge of the right-of-way or upon adjacent Douglas County land.

Ad.

- 7. Underground line shall be installed and buried to a minimum depth of **32 inches**. In the event the underground line is damaged, this easement grants permission to the GRANTEE to install a temporary overhead line to maintain electric service until the underground line is repaired or replaced. Any such temporary overhead line shall have a minimum height clearance of sixteen (16) feet to allow for the operation of heavy equipment thereunder.
- 8. The GRANTEE shall take all necessary precautions to prevent the obliteration of landmarks relating to land survey information including all monuments, corners, bearing trees, benchmarks and other government and private survey references. The GRANTEE shall be fully responsible and liable for unlawful obliteration or damage caused as a result of its actions to any said survey references as set forth in Section 59.635 of the Wisconsin Statutes.
- 9. The GRANTEE shall take all necessary precautions to prevent damage to all recreational trail sign postings or markings and other road or trail improvements of a similar nature. The GRANTEE shall be fully responsible and liable for any damage caused as a result of its actions to any said features or improvements.
- 10. The GRANTEE agrees to comply with all applicable laws, regulations, and ordinances. The GRANTEE shall not willfully or maliciously damage any Douglas County lands. The GRANTEE assumes full responsibility and liability for any such damages resulting from its actions, including damage by fire. If the GRANTEE fails to comply with these obligations, the GRANTOR shall have all the remedies available under common law.
- 11. The GRANTOR reserves the right to convey other easements or permit other activities on the right-of-way that are consistent with the rights herein granted, and further reserves the right to cross and/or operate on the right-of-way with heavy equipment and logging machinery so long as such activities do not pose critical safety concerns with the rights and privileges granted herein.
- 12. The GRANTEE agrees to save, keep harmless, defend, and indemnify the GRANTOR, and all of its officers, employees and agents against any and all liability, claims, and costs of whatsoever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the GRANTEE'S exercise of its rights and privileges granted hereunder, including use of the right-of-way area by the GRANTEE and by the GRANTEE'S heirs, successors, or assigns, and the GRANTEE'S occupancy, service, operation, or performance of work in connection with this easement.
- 13. Should the GRANTEE cease or fail to use the easement rights granted herein for a time period of two (2) consecutive years, this easement will be considered to be abandoned and all rights and interests herein granted shall revert back to the GRANTOR.
- 14. This easement document, together with any referenced parts and/or attachments, shall constitute the entire easement. Any revisions require additional easement rights prescribed by an amendment to this easement, including changes to line location, type of line, maximum number of lines, wires, or voltages, and/or methods of installation.
- 15. No rights of the GRANTEE herein granted, in whole or in part, may be assigned, delegated or subcontracted without written approval from the GRANTOR.
- 16. This easement may be terminated by the GRANTOR upon sixty (60) days written notice to the GRANTEE in event of violation by the GRANTEE, its heirs, successors, or assigns; of any of the terms and conditions herein stated.

IN WITNESS WHEREOF, the GRANTOR and GRANTEE have duly set their hands and seal the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

To: Jon Harris, Director

RE: Request for land easements

We [the Solon Springs Airport Commission] are asking Douglas County and WDNR to grant easements to ATC allowing them to move the existing power lines to allow us to extend our runway length to five thousand feet.

This letter is to explain our progress to extend the runway at the Solon Springs Airport. Before the power line [ATC] was put in, the Solon Springs Airport Commission objected to the area being considered because of possible future runway extension to five thousand feet. This would violate the airspace needed for an instrument approach from the south. We were overruled and ATC was then allowed to construct line poles that were shorter in height than originally engineered for the project, to meet FAA specifications at that time.

Our future plans for the Airport include extending the runway to five thousand feet. We have been talking with ATC since Oct, 2014 about our intentions. They have agreed, to move them "at their expense", but, they need the land to put them on. The land belongs to Douglas County and the DNR. Without access to the land they will do nothing. The moving of eight poles would be an estimated \$4 million dollar project for ATC, but their bigger problem is loss the of power transmission through the lines during construction.

We [the Solon Springs Airport Commission] have talked with Cooper Engineering about the possible realignment of the runway. If the runway was realigned from 190° to 180°, it then would parallel highway 53 and ATC would not have to move their power poles. We received a letter from ATC that states that they are not too interested in our option, but if they receive easements to the property needed they may possibly take another look at the realignment option.

Attached are copies of correspondence with ATC and a map from Cooper Engineering of areas needed for the relocation of the eight power lines from Cooper Engineering.

Sincerely,

Chairman, Solon Springs Airport Commission

Mr. Richard Flamang, Chairman  
Solon Springs/Gordon Airport Commission  
Post Office Box 36  
Solon Springs, Wisconsin 54873

Re: Solon Springs Airport / Power Line

Dear Mr. Flamang:

I have in hand your two different correspondences relative to questions you have raised on the Arrowhead-Weston Transmission Line Project.

As you recall from the discussion at the meeting at the Solon Springs Community Center, if the County does not grant the easement for the County-owned land needed for the Arrowhead-Weston power line, the project will be built on the existing transmission line corridor near the airport. One consequence of building on the existing corridor would be that if the airport expands it would have to pay for moving the transmission line.

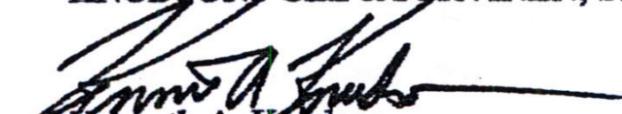

In response to your questions 1, 2 and 5, ATC made the offer to use the approved Public Service Commission route around the airport if Douglas County provides for the land to establish that route which would address those concerns. In addition, ATC has agreed that in the event a further expansion necessitates moving the line even further from the airport, ATC would be willing to do so at its expense, providing that land is available to move it to.

In response to your questions 3 and 4, the design approved for the Public Service Commission route complies with FAA clearance requirements and therefore does not require any permits, as we previously explained. An FAA permit is only required if an exception to their requirements is sought. By meeting their requirements, no exception would need to be sought.

We trust the above addresses your concerns.

Very truly yours,

KNUDSON, GEE & TORVINEN, S.C.

RE: Arrowhead-Weston Transmission Line adjacent the Solon Springs Municipal Airport

Dear Sirs:

This letter and attachments are for the purpose of informing ATC that the Solon Springs Municipal Airport is planning an expansion that may require the relocation of a stretch of the existing lines/poles.

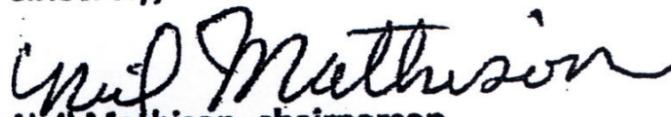

Currently, the airport is in very early planning stages for the expansion project. The project consists primarily, of lengthening the airports north-south 3,100-foot Runway to an ultimate length of 5,000 feet (200 feet northward; and 1,700 feet southward).

As planning progresses, the airport will keep ATC informed by providing further details as the details become available. Per the 2004 and 2006 correspondence to the airport's commission from ATC (via Knudson, Gee & Torvinen) we understand that costs to move the existing line(s) will be covered by ATC (assuming necessary easements can be secured).

Also included with this letter is a preliminary map of estimated land acquisition for the project that shows a preliminary re-routed alignment of your transmission line(s).

We look forward to further dialogue with ATC on this matter over the next few years as this project develops.

Sincerely,

Neil Mathison, chairperson

**RE: Arrowhead-Weston Transmission Line adjacent to Solon Springs Municipal Airport**

Dear Chairperson Mathison:

ATC has received your letter of October 20, 2014, informing us of the Commission's very early planning stages for the Solon Springs Municipal Airport expansion. Please keep us informed as these plans further develop and are finalized, as lead times to perform detailed engineering, source poles and materials, acquire appropriate rights and construct the new transmission facilities may range from 1.5 to 2.5 years.

Very truly yours,

April 7, 2015

Chairperson Neil Mathison  
Solon Springs Airport Commission  
P.O. Box 36  
Solon Springs, WI 54873

Dear Chair Mathison:

It was good to meet with you several weeks ago. We did receive the additional information developed by Brad Volker. I wanted to confirm some of the items we discussed and also outline how ATC would proceed, should the Airport be expanded by approximately 900' to a total length of 5000'.

I have reviewed the two suggested options internally:

1. Realignment parallel to Hwy 53. As we discussed, this option appears to eliminate the need to move the line. However this approach is not something for which ATC could obtain approval and therefore ATC could not make the estimated \$4.3 million investment.
2. Lengthening the existing Runway. The runway in its current configuration with the extension, would likely require a portion of the line to be moved out of the new flight path. A preliminary review of the area indicates that the line would be moved to the west and south of the lines current location.

In the August 2004 agreement between the Airport, Town and the County, Item #2, ATC agreed:

“That American Transmission Company will hereby agree that, upon approval by the Douglas County Board of the new easements to move the line, as described in Paragraph 1, above, that in the event of FAA approved expansion of the Solon Springs Airport which would require a future relocation of the transmission lines it will be at American Transmission Company, or its heirs, or assigns expense, move the line to a new location to meet FAA requirements for an expanded Solon Springs Airport at its expense as long as Douglas County will agree to provide land for an easement to accommodate such a move.”

As we discussed ATC will keep that commitment, however there several steps required prior to ATC beginning the siting and engineering necessary to move the line, including:

- Solon Springs Airport having a firm design and timeline with approval by the FAA and the State and Local jurisdictions.
- Committed funding for the project.
- Douglas County providing the land, which appears to include both Douglas County and Wisconsin DNR property. Some this land may include Federal funding, which may require Federal approvals.

It is clear from our discussion that the Airport has begun portions of this process. We would request that you keep informed as you proceed.

Sincerely,

Pete Holtz  
Routing & Siting Manager

May 26, 2015

Chairperson Neil Mathison  
Solon Springs Airport Commission  
P.O. Box 36  
Solon Springs, WI 54873

Dear Chair Mathison:

Following our recent discussion of our March letter, I felt it was important to further clarify ATC's position with our commitment to move the existing transmission lines, should the Solon Springs Airport expand.

As discussed in our initial meeting and in the March letter, ATC cannot provide funds to re-align the Airport parallel to Hwy 53. ATC was formed by the Wisconsin State Law in 1999 as a transmission-only utility which owns, operates, builds and maintains transmission facilities. ATC is governed by a number of regulatory agencies, including the Federal Energy Regulatory Commission and the Public Service Commission of Wisconsin. These agencies would not approve this type of investment. Therefore ATC cannot invest in a new runway configuration.

As was noted, the conditions under which ATC will relocate its line are clearly set out in our 2004 agreement with Solon Springs. It was reiterated in the March letter that ATC cannot move the line until the land can be made available from Douglas County and potentially the DNR for easements to accommodate the moving of the transmission line. ATC would not pursue obtaining those easements until we had a firm commitment that the airport expansion was going to proceed. That assurance would include:

- A final design for the expansion, including the necessary regulatory approvals from the FAA and any other Federal or State regulatory agencies.
- Committed funding from the FAA, State, Douglas County and the Town of Solon Springs.
- Providing of the land for the new easements.

These steps need to be completed before ATC would proceed to do any additional planning or design work on relocating the transmission line.

Ae.

If construction were to begin prior to these steps being finalized, ATC could be in a position where the line could not be moved. If this were to occur it would appear that the necessary flight path clearances would not exist and planes would be restricted or not allowed to land at the airport.

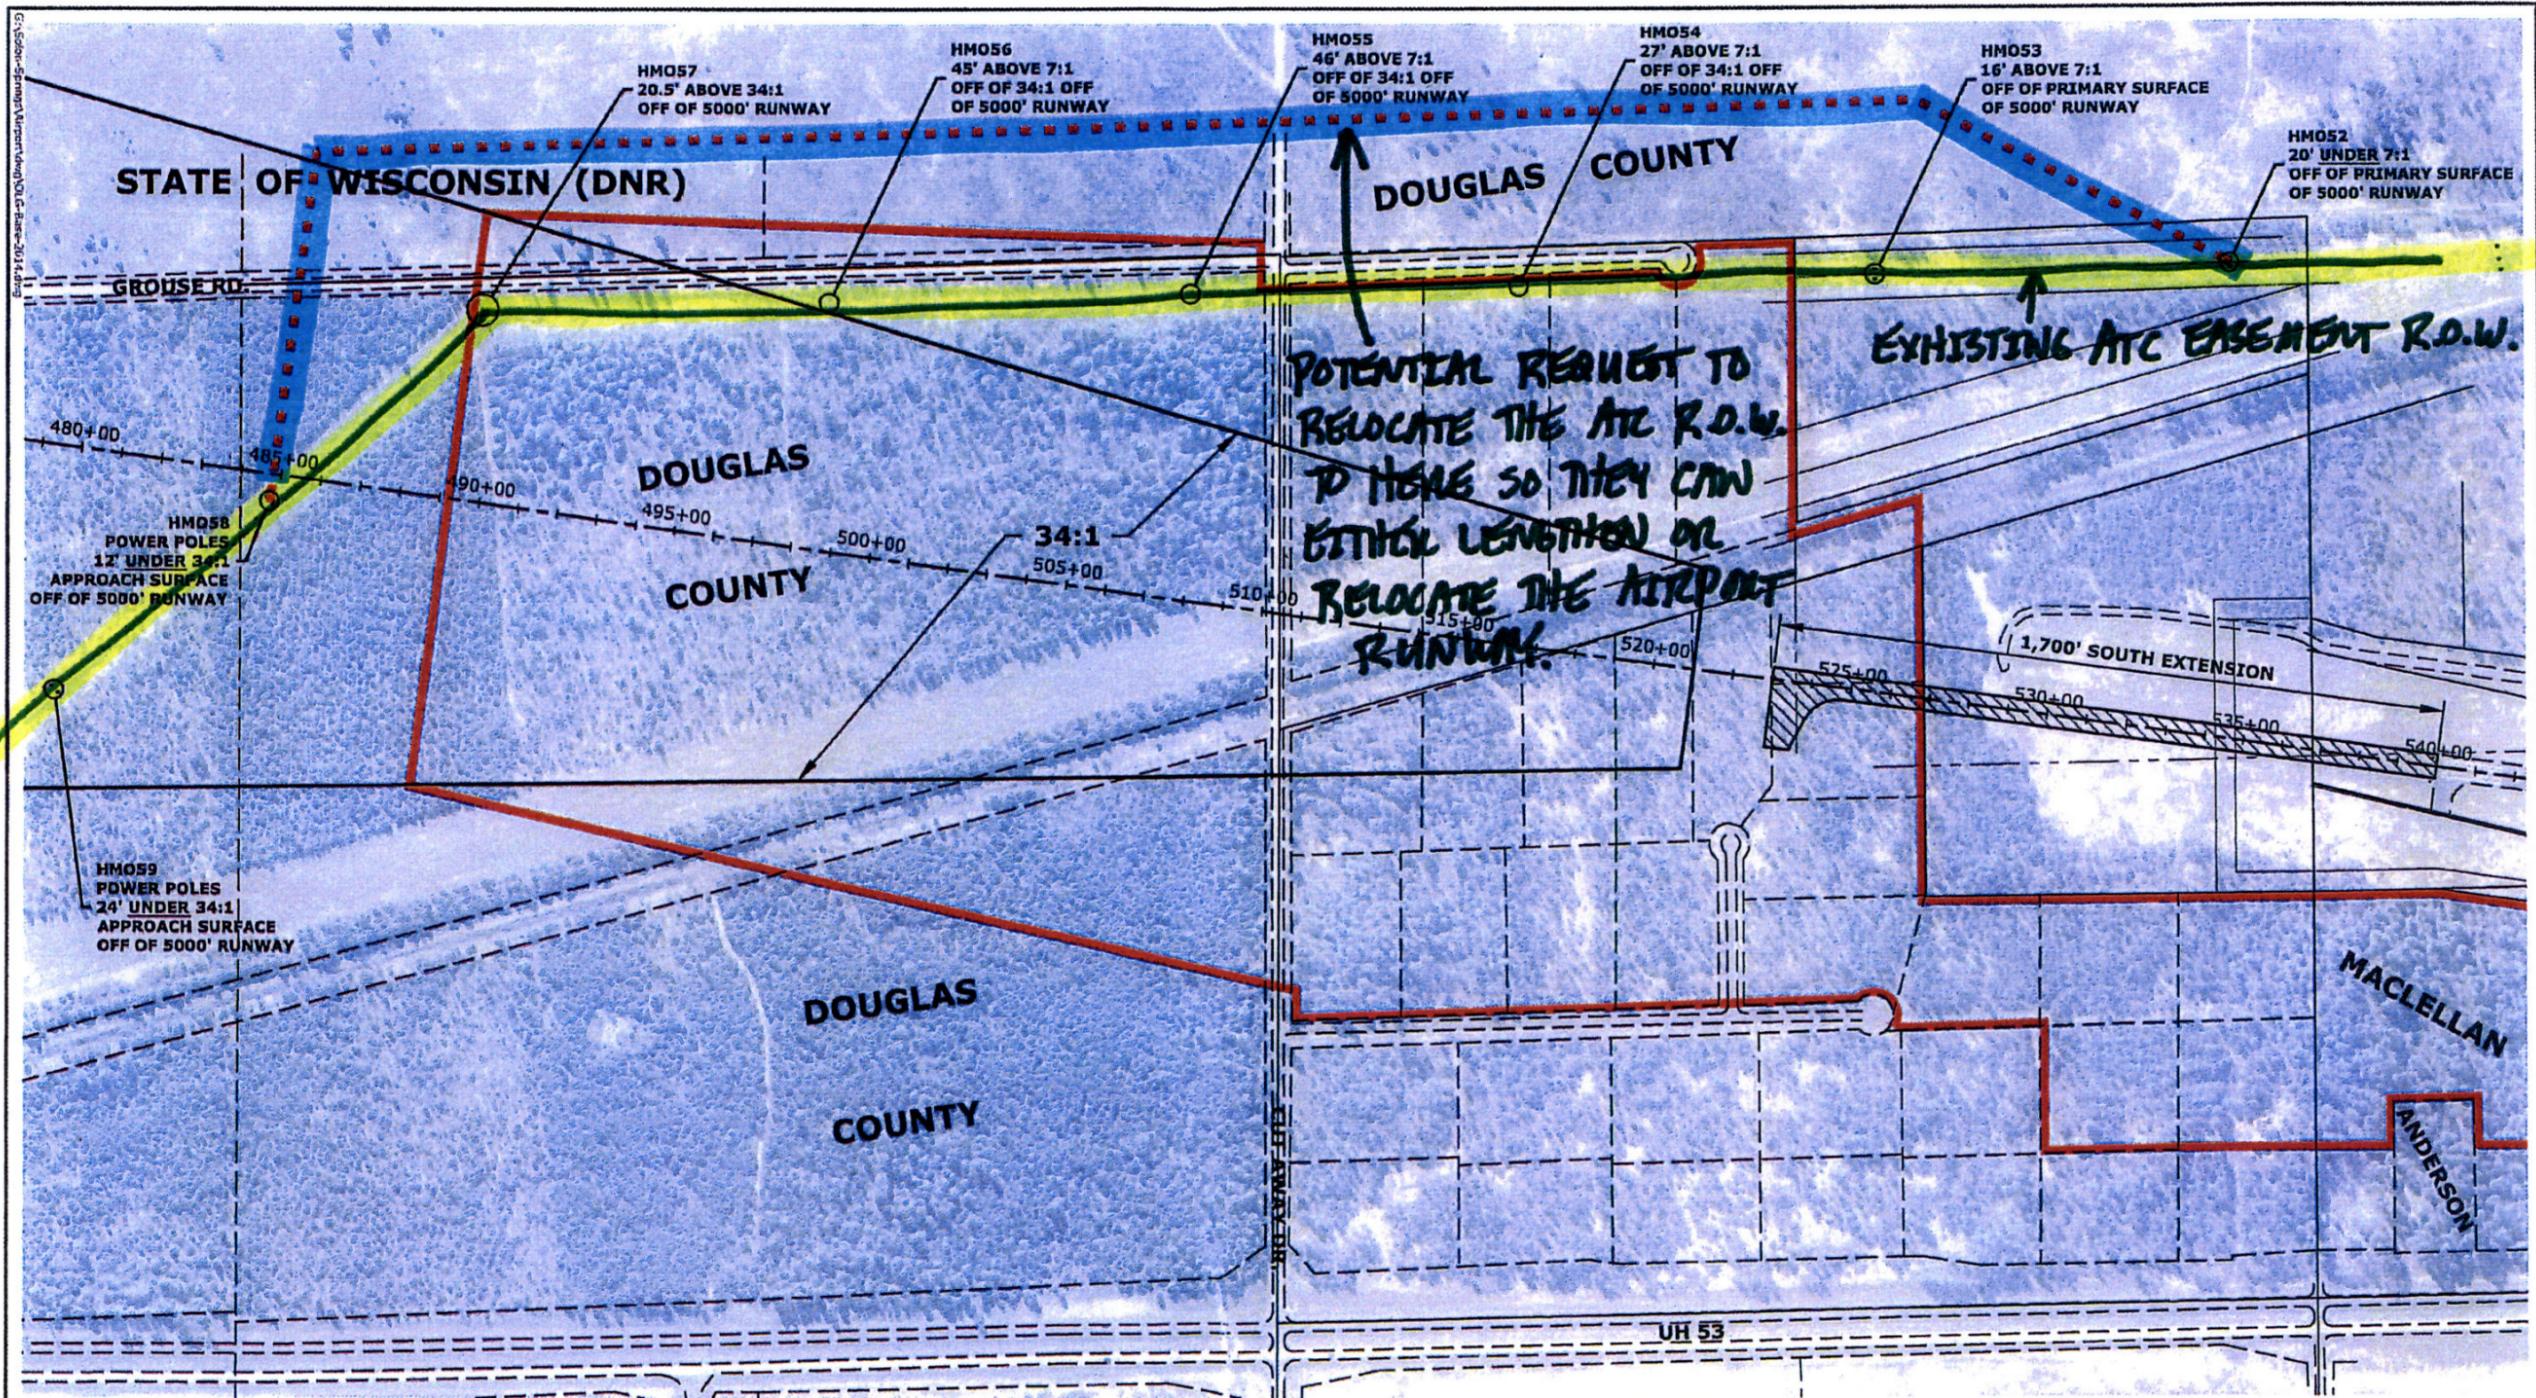

It is clear from our discussion that the Airport is proceeding with portions of the expansion plans, by proposing to acquire the land to the south of the present runway. We cannot move the line without the conditions outlined above being met. ATC would request that you keep informed as you proceed with the development of the final detailed plans and approvals

Sincerely,

Pete Holtz  
Routing & Siting Manager

Re-Route Request

Runway

Existing ATC ROW

WDNR Ownership  
Douglas County Forest Land

SUBJECT: 2016 DNR GRANT PROGRAMS PARTICIPATION AUTHORIZED

WHEREAS, Douglas County is interested in maintaining, acquiring, insuring, or developing lands for public outdoor motorized trail use, and

WHEREAS, said public motorized trails are eligible for funds under Section 23.09(26) (snowmobile) or Section 23.33 (all-terrain vehicle), of the Wisconsin Statutes.

NOW, THEREFORE, BE IT RESOLVED that the Douglas County Board of Supervisors accept the recommendation of the Forest, Parks and Recreation Committee and approves Douglas County's application for funds under Section 23.09(26) or Section 23.33 of the Wisconsin Statutes, for such eligible maintenance, acquisition, insurance, rehabilitation, and /or development costs.

BE IT FURTHER RESOLVED that Mark Schroeder, Douglas County Forestry Department, be authorized to act on behalf of Douglas County as signatory on all grant applications and related documents submitted to the State of Wisconsin Department of Natural Resources for any financial aid that may be available, and to take necessary action to undertake, direct and complete any approved projects.

Douglas County Forestry Committee

Resolution call for uniform regulations for tree stand use on public lands.

**WHEREAS**, currently there is no uniform regulations in place regarding tree stand use on County owned lands, WDNR owned or managed lands, and/or National Forest Lands in Wisconsin; and

**WHEREAS**, neighboring states of Minnesota, Michigan, and Iowa all allow for overnight placement of tree stands on public land; and

**WHEREAS**, seventeen (17) of the twenty-nine (29) counties with County Forest lands allow for the overnight placement of tree stands on public County Forest lands; and

**WHEREAS**, the overnight placement of portable, non-permanent tree stands on County Forest lands in Bayfield County and Douglas County during the time period of September 1st to January 1st or 31st has resulted in minimal to no complaints for law enforcement officers; and

**WHEREAS**, concerns from WDNR staff regarding the perceived need to invest increasing amounts of time in mediating user disputes over hunting locations and the potential for an increase in hunter conflict in the field if tree stands are allowed overnight on WDNR owned or managed lands do not appear to be justified; and

**WHEREAS**, daily placement of portable, non-permanent tree stands has led to a number of injuries that could be reduced by allowing longer-term, overnight placement. The average age of hunters is increasing and requiring daily placement of tree stands contributes to increased safety risks and endurance concerns; and

**WHEREAS**, longer-term, overnight placement of portable, non-permanent tree stands on public land is performed by the user with the understanding that use of these tree stands is not exclusively reserved to the owner or the individual placing the stand; and

**WHEREAS**, in the 2009 Spring Hearing Questionnaire the Wisconsin Conservation Congress asked an advisory question to allow unattended tree stands on State lands that was supported by a vote of 4,624 Ayes and 2,013 Noes; demonstrating clear support for changing the current tree stand use regulations on State lands.

**WHEREAS**, the Fish and Game League of Douglas County supports Question #1 included in the April 2016 Department of Natural Resources Annual Spring Fish & Wildlife Public Hearing. Question #1 states: "...allowing the unattended, overnight placement of portable stands and blinds on department owned and managed lands located north of State Hwy. 64 beginning on September 1 and continuing through January 31."

**NOW, THEREFORE, BE IT RESOLVED** that the Douglas County Board of Supervisors accept the recommendation of the Forest, Parks and Recreation Committee and hereby supports and endorses changing the tree stand use regulations to allow for the longer-term, overnight placement of portable, non-permanent tree stands on WDNR owned or managed lands located north of State Highway 64.

**BE IT FURTHER RESOLVED** that the Douglas County Board of Supervisors accept the recommendation of the Forest, Parks and Recreation Committee and hereby requests an endorsement from the Wisconsin Wildlife Federation during their 2016 Annual Meeting to support allowing for the longer-term, overnight placement of portable, non-permanent tree stands on WDNR owned or managed lands located north of State Highway 64.

**BE IT FURTHER RESOLVED** that the Douglas County Board of Supervisors accept the recommendation of the Forest, Parks and Recreation Committee and hereby supports Question #1 included in the April 2016 Department of Natural Resources Annual Spring Fish & Wildlife Public Hearing.

**BE IT FURTHER RESOLVED** that upon passage, the Douglas County Clerk forward copies of this resolution to all other Wisconsin Counties north of State Highway 64 (Ashland, Barron, Bayfield, Burnett, Chippewa, Dunn, Florence, Forest, Iron, Langlade, Lincoln, Marinette, Oconto, Oneida, Polk, Price, Rusk, Sawyer, St. Croix, Taylor, Vilas, and Washburn), all additional Wisconsin Counties containing County Forest lands (Clark, Eau Claire, Jackson, Juneau, Marathon, Monroe, Vernon, and Wood), State Senator Janet Bewley, State Representatives Nick Milroy and Beth Meyers, WDNR Secretary Cathy Stepp, WDNR Deputy Secretary Kurt Thiede, WDNR Secretary's Director John Gozdziński, WDNR Legislative Liaison Tim Gary, WDNR Chief Warden Todd Schaller, Wisconsin Conservation Congress, Wisconsin Conservation Congress Douglas County Delegate Chairman, Wisconsin Wildlife Federation, Fish and Game League of Douglas County, and the Wisconsin County Forest Association.

7.2 LAND RECREATION ORDINANCE

THE COUNTY BOARD OF SUPERVISORS OF THE COUNTY OF DOUGLAS DOES ORDAIN AS FOLLOWS:

SECTION IV. HUNTING AND TRAPPING

No person or persons shall construct, place, occupy or use on lands owned or managed by the Douglas County Forestry Department:

A. Tree Stands and Ground Blinds:

1. A tree stand that is not a hang-on style, self climbing style, or a ladder stand style, or which attaches to a tree by any means or device, which penetrates the bark or the bole of the tree.
2. Climbing aids; including, but not limited to, screw in tree steps, landscape spikes, nails, railroad spikes, or bolts.
3. A tree stand, elevated platform or ground blind which does not have the owner's name and address (city and State) or WDNR customer I.D. number attached in such a manner as to be visible from the ground.
4. A tree stand which utilizes artificial shooting lanes created by cutting, brushing, trimming, or otherwise damaging or altering trees, brush, vegetation or terrain.
5. A tree stand which is larger than 52 inches by 36 inches measured at the base, ground blind which measures larger than 7ft X 7ft X 7ft, or elevated platform which the platform measures more than 7ft X 7ft X 7ft.
6. A tree stand, elevated platform or ground blind in the period of February 1 to March 31 and June 1 to August 31 of each calendar year.

Any tree stand, free standing platform or ground blind which is found in violation of this Ordinance shall be confiscated and disposed of at the user's expense by County Forestry Department personnel or the County Sheriff's Department, or their designees.
