

DOUGLAS COUNTY TIMBER SALE PROSPECTUS NOTICE OF SEALED BIDS

October 16, 2012

Forest Stewardship Council™ (certificate #SCS-FM/COC-00083G-S)
The Mark of Responsible Forestry – FSC 100%

Sustainable Forestry Initiative® (certificate #NSF-SFIS-1Y943)
Promoting Sustainable Forest Management

The Douglas County Forest, Parks and Recreation Committee will receive sealed bids for the purchase of the designated stumpage on the enclosed tracts until 5:30 p.m. Tuesday, October 16, 2012 at the Douglas County Forestry Department, 9182 East Hughes Avenue, P.O. Box 211, Solon Springs, WI 54873. Bids will be opened and read at 6:00 p.m. Tuesday, October 16, 2012 at the Forestry Department Headquarters, 9182 East Hughes Avenue, Solon Springs, WI 54873.

Douglas County will award Contracts to the acceptable highest bidder pending verification and approval of each winning bid. In the event of tie bids, the successful bidder will be determined by the toss of a coin by the acting Chairperson of the Douglas County Forest, Parks, and Recreation Committee. No late bids will be considered. No bid will be considered from bidders who are in non-compliance with any current timber sale Contract with Douglas County, are delinquent in their financial obligations to Douglas County, are involved with a pending timber theft or trespass with the County, or from a bidder whose bidding privileges have been either temporarily or indefinitely revoked by the County.

Douglas County reserves the right to reject any or all bids, to waive technicalities, and to accept bids most advantageous to the County. For further information, bid forms, maps, or a sample Contract; please contact the Douglas County Forestry Department at (715) 378-2219.

NOTICES:

Daily Telegram – September 21, 26, and October 5, 2012

Northwoods Shopper – September 28, 2012

I. BIDDING: It is the responsibility of the bidder to inspect; evaluate the stumpage, examine the locations, investigate field conditions, and check Contract requirements for each tract prior to bidding. Bidders should contact the “Prepared By” individual at (715) 378-2219 on the enclosed tracts for detailed information regarding each tract. Submission of bid reflects that the bidder has inspected the tract and clearly understands and agrees to all Contract conditions and requirements herein.

Bids for individual tracts must each be submitted on a standard “Douglas County Forestry Department Bid for Advertised Timber” form, indicating correct tract number, and be presented in a sealed envelope clearly marked “Sealed Timber Bid Tract (include tract number)”. Forms must be completed legibly and correctly in their entirety with all requested information required for bid consideration.

Bids must be submitted separately for each tract by indicating the advertised species, the advertised species product volume, a per product bid price for each species advertised, a total bid value for each species and product advertised, and a total tract bid value for all species and products advertised using the corresponding locations on the bid form.

Considered bids must meet or exceed the minimum total advertised tract value, including the minimum advertised total tract value for each species and product listed.

Bids below the minimum advertised total tract value for each species and product listed, the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

The use of an off-highway-vehicle (ATV or snowmobile) on routes or areas closed to motorized use must be approved by the Douglas County Forestry Department prior to occurrence or the operator is subject to penalty as provided by County Ordinance. If granted, permission will be authorized for pre-bidding inspection purposes only and operators shall operate in a safe, responsible, and environmentally friendly fashion. Contact the Department at (715) 378-2219 for further information.

II. BID GUARANTEE BOND: A bid guarantee for a minimum of 10-percent of the total advertised tract value must accompany each bid for an individual tract as a bid guarantee bond, payable to Douglas County Forestry Department.

The bid guarantee bond must be in the form of cash, cashiers check, certified check, money order, bank draft, personal check, or business check unless otherwise specified by the County; must be covered by sufficient funds in the account on which it is drawn once submitted to the County, and remain in effect until the Contract is executed by all parties. The County reserves the

right to investigate sufficient funds coverage on any bid guarantee bond provided. In the event that the bid guarantee bond is not covered by sufficient funds, the bidder will be forbid from being awarded the Contract.

The bid guarantee bond will be held by the County until replaced by the successful bidder's performance bond. Bid guarantee bonds will be returned to unsuccessful bidders.

Failure by the successful bidder to provide the County with the mandatory executed Contract of sale, performance bond, current certificates of insurance, and current SFI training certificate equivalent to those conditions provided below within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

III. PERFORMANCE BOND: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a performance bond in the amount of 20-percent of the total purchased tract value. Such a performance bond shall be submitted to the County for approval in the form of cash bond, written performance bond (surety bonds will not be accepted), or irrevocable letter of credit. The County reserves the right to limit the form of acceptable performance bond. The Purchaser must indicate on the bid form what form of performance bond will be provided to the County.

In the event that a cash performance bond is indicated on the bid form, the bid guarantee bond will be deposited immediately and applied towards the performance bond. The balance of the cash performance bond is to be provided by the successful bidder pursuant to those conditions provided above.

In the event that a written performance bond or irrevocable letter of credit is indicated on the bid form, the successful bidder will provide the County a written performance bond (surety bonds will not be accepted) or irrevocable letter of credit issued by a bank or insurance company which is a member of the Federal Reserve System or insured by the Federal Deposit Insurance Corporation pursuant to those conditions provided above. The written performance bond or irrevocable letter of credit shall have an expiration date of no less than 30 calendar days past the sale expiration date.

Failure by the successful bidder to provide the County with the mandatory amount and form of performance bond equivalent to those conditions provided above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

IV. LIABILITY INSURANCE: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a current certificate of insurance from the insurer(s) of the successful bidder or their agents certifying coverage to the limit of \$500,000.00 per occurrence and \$1,000,000.00 per aggregate. Such certificate shall name the County as an additional insured and shall be submitted to the County for approval of the insurer(s), the amount, and the form. The County reserves the right to require a certified copy of any such certificate or to investigate and/or examine the policy itself.

Failure by the successful bidder to provide the County with the mandatory certificate of insurance equivalent to those conditions provided above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

V. WORKERS' COMPENSATION INSURANCE: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a current certificate of insurance verifying workers' compensation coverage or proof of exemption from such coverage as provided by law. Such written certificate or verification shall be submitted to the County for approval. The County reserves the right to require a certified copy of any such certificate or written verification or to investigate and/or examine the policy itself.

Failure by the successful bidder to provide the County with the mandatory certificate of insurance for workers' compensation coverage or exemption from such coverage as indicated above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VI. SFI TRAINING STANDARD: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall

receive a valid certificate of completion for the current Wisconsin Sustainable Forestry Initiative (SFI) training standards or comparable certification training standards of different States (depending on the successful bidder's address of its principle place of business) as approved by the Forest Industry Safety & Training Alliance (FISTA) which can be contacted at 1-800-551-2656. Such certificate shall be in the name of the individual responsible for signing the Contract on behalf of the successful bidder, or the president, principle officer, agent, owner, co-owner, or member of the firm of the successful bidder; and shall be submitted to the County for approval. The County reserves the right to require a certified copy of any such certificate or to investigate and/or examine training records itself.

Failure by the successful bidder to provide the County with the mandatory certificate of completion for the current SFI training standards as indicated above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VII. CONTRACT EXECUTION: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive the original Contract with all required information completed with the original signature of a president, principle officer, agent, owner, co-owner, or member of the firm of the successful bidder.

Failure by the successful bidder to provide the County with the Contract as indicated above or with an incomplete, illegible, or incorrect Contract within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VIII. PAYMENT SCHEDULE: Payment of the initial advance stumpage payment or lump sum payment, is required prior to the commencement of any Contract operations other than road and landing construction activities. Removal of any products prior to receipt of the initial advance stumpage payment or lump sum payment by the County will be treated as harvested without the County's consent or permission and subjects the Purchaser to civil and/or criminal penalties provided under Douglas County Ordinance #7.6.

The second and subsequent increment installment payments will be due to the County at the point the value of all products removed from the sale reaches 75-percent of the credit on deposit. In no event will payments due be made by the Purchaser to the County more than 15 calendar days from the date of invoice. The County reserves the right to place additional payment requirements on the Purchaser to protect its best interests or those best interests of the public.

The following plan is used by the County to determine the increment schedule required on the enclosed tracts, unless otherwise specified by the County:

Total Contract Purchase Value	Increment Schedule
Lump Sum	100% Payment or Per Harvest Unit (See Tract Specs)
UP to \$5,000.00	100% Payment
\$5,000.01 to \$10,000.00	50% Payment
\$10,000.01 to \$150,000.00	10% Payment
\$150,000.01 and OVER	5%(2),10%(9) Payment

IX. PRODUCT STANDARDS: Standard advertised products are as follows:

- 4" Roundwood Product - A tree, log or stick with a minimum of one 100-inch stick to a 4-inch top diameter.
- Whole-tree Product - All or any woody material from the sheared butt stump of all 2-inch and greater DBH trees to the tip of the tree, including all logs, sticks and branches originating from any stem associated with the tree.
- Softwood Sawlog Product - A tree, log or stick 9-inches or larger top DIB on the small end of a 100-inch length containing Scribner Decimal "C" net scale greater than or equal to 50% of gross scale for the log.
- Hardwood Sawlog Product - A tree, log or stick 10-inches or larger top DIB on the small end of a 100-inch length containing Scribner Decimal "C" net scale greater than or equal to 50% of gross scale for the log.

X. VOLUME AND WEIGHT STANDARDS: The enclosed volumes/weights of products by tract are estimates. The County provides no warranty or guarantee as to the species, product type, quality, quantity, or condition. The bidder is responsible for making these determinations and bidders should inspect and evaluate the timber contained in the enclosed tracts prior to bidding. Standard advertised volume/weight measures are as follows:

- A standard cord is a volume of stacked wood products including air space occupying 128 cubic feet.

- A standard MBF is a volume of wood products totaling 1,000 board feet. MBF volume shall be determined using the Scribner Decimal “C” log rule.
- A standard ton is a unit of weight measure equal to 2,000 pounds (907.18 kilograms).

XI. ACCESS: The Purchaser is required to complete all road construction requirements for the enclosed tracts. Location of all road, transportation, and access routes, including associated infrastructure components, for the enclosed tracts are designated by the County and are limited to what is displayed on the maps and in the Contract conditions. The County does not conduct road appraisals. All road and infrastructure construction cost estimates and actual expenses are the responsibility of the Purchaser and bidders should inspect and evaluate these based on Contract requirements and field conditions prior to bidding.

XII. EXTENSIONS: It is expressly understood by the bidder that Contract extensions are not guaranteed and full performance on a Contract is expected prior to the initial expiration date.

XIII. COMMENCEMENT OF OPERATIONS: Operations may not commence on any tract before all Contract execution, insurance, SFI training, financial, and additional required conditions have been successfully met by the Purchaser and approved by the County.

XIV. RECEIPT OF REQUIREMENTS: The bidder and/or successful bidder bears all responsibility for postal or delivery delays outside of the County’s control for all requirements to be received by the County prior to bid consideration and/or Contract execution, including but not limited to; the bid, the bid guarantee bond, the performance bond, liability insurance, workers’ compensation insurance, SFI training standard, the Contract, payments, and all other correspondence, documents, and requirements.

XV. DIRECT SALES: Periodically Douglas County will offer direct stumpage sales. Direct sales are available on a first come, first served basis with the sale offered at or above the total appraised value with no percentage reductions, according to the WDNR Timber Sale Handbook. Please contact the Douglas County Forestry Department at (715) 378-2219 for direct sale availability and/or additional information.

XVI. IRRESPONSIBLE BIDDER: A bidder deemed by the County to be an irresponsible bidder may be refused the opportunity to bid upon or obtain Douglas County timber sales for a pre-determined set time period as determined by the County or indefinitely as deemed in the best interest of the County.

XVII. FOREST CERTIFICATION: The Douglas County Forest, including the areas encompassed by the enclosed tracts, is certified to the standards of the Forest Stewardship Council™ (FSC certificate #SCS-FM/COC-00083G-S) and the Sustainable Forestry Initiative® (SFI certificate #NSF-SFIS-1Y943). Forest products harvested from the Douglas County Forest may be delivered to the destination facility as “FSC™ and/or SFI® certified” as long as the Contractor hauling the forest products is chain-of-custody (COC) certified or covered under a COC certificate from the destination facility. The Purchaser assumes all responsibility for maintaining COC after leaving the area encompassed by any individual tract.

XVIII. TRUCK HAULING INFORMATION: The number of Douglas County townships that have developed or are in the process of developing additional policies in the form of regulations to protect their investments in and limit damage caused by heavy equipment to their local township roads continues to increase. The Douglas County Forestry Department has taken an active role in working with these townships in an attempt to alleviate concerns. The Department believes that their intent is not to restrict harvesting and subsequent hauling of timber, but a response to repetitive and inappropriate use by heavy trucks and equipment. Hauling Contractors need to be aware that public relations are vital to their business and inconsiderate and inappropriate actions reflect poorly on all of us in the forest industry.

All required permits and conditions for use of any public roadways other than those managed by the Douglas County Forestry Department are the responsibility of the Purchaser to obtain, keep current, and comply with. The County bears no responsibility or assures guaranteed use of any public roadway outside of its scope of authority used for the purpose of accessing any of the enclosed tracts and any additional requirements, restrictions, conditions, or terms enacted by any roadway authority are the responsibility of the Purchaser. The County recommends contacting the appropriate roadway authority prior to bidding on any of the enclosed tracts.

Below is the town chair contact information for each township and one village that contain Douglas County forest and special use land within their boundaries. Contacts for the Douglas County Highway Department and the Forestry Department are also included. Bidders should refer to this information as they prepare bids for the enclosed tracts. This information is up-to-date

and current at the time of printing this prospectus only, please contact the town/village, Sale Administrator, or see the "Official E-Directory" link on the Douglas County website <http://www.douglascountywi.org> for updates and/or additional information.

Instructions on how to complete the Bid Form

- (1) Enter the individual tract number at the top right of the Form.
- (2) Enter the tract's advertised species, product volumes, and bid amounts in the table as follows:
 - (a) For Ticket Scale Tracts:
 - Column A - List advertised species for the tract in same order as listed on Timber Sale Map.
 - Column B - If bidding on advertised 4" Roundwood Cords, list Estimated Volume in 4" Roundwood Cords from the Timber Sale Map per Species.
 - Column C - If bidding on advertised Whole-tree Cords, list Estimated Volume in Whole-tree Cords from the Timber Sale Map per Species.
 - Column D - If bidding on advertised Sawlogs, list Estimated Volume in Sawlog MBF from the Timber Sale Map per Species.
 - Column E - If bidding on advertised 4" Roundwood Cords, enter your Bid Price per 4" Roundwood Cord per Species.
 - Column F - If bidding on advertised Whole-tree Cords, enter your Bid Price per Whole-tree Cord per Species.
 - Column G - If bidding on advertised Sawlogs, enter your Bid Price per Sawlog MBF per Species.
 - Column H - Enter the Total Bid Value by Species & Product by multiplying the advertised bid product volume by the corresponding product bid price.
 - Total all species and product amounts in column H and enter the Total Tract Bid Value at the bottom of the column.
 - (b) For Lump Sum Scale Tracts:
 - Write the words "LUMP SUM" once in column A (under Species).
 - Enter the single value of your total lump sum bid for the tract under the Total Tract Bid Value at the bottom of column H.
- (3) Enter the amount of the Bid Guarantee Bond and mark the appropriate Form of the bond that will accompany your bid for the tract.
- (4) Mark the type of Performance Bond that you will provide if declared the successful bidder for the tract.
- (5) Mark the type of organization or entity that you are bidding on behalf of.
- (6) At the bottom of the Form, print your name, your title, the organization's name you are bidding on behalf of, your affiliated organization's or your address, and your contact phone number (please include multiple numbers if appropriate).
- (7) Sign and date the Form with an original signature and date.
- (8) Enclose the Form along with your Bid Guarantee Bond in a sealed envelope clearly marked "Sealed Timber Bid Tract (include tract number)" and deliver to the Douglas County Forestry Department by the date and time of the deadline. Individual separate envelopes must be used for each tract.

– The Bid Form MUST BE completed in its entirety –

Bids below the minimum advertised total tract value for each species and product listed, below the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

 - Column F - If bidding on advertised Whole-tree Cords, enter your Bid Price per Whole-tree Cord per Species.
 - Column G - If bidding on advertised Sawlogs, enter your Bid Price per Sawlog MBF per Species.
 - Column H - Enter the Total Bid Value by Species & Product by multiplying the advertised bid product volume by the corresponding product bid price.
 - Total all species and product amounts in column H and enter the Total Tract Bid Value at the bottom of the column.
 - (b) For Lump Sum Scale Tracts:
 - Write the words "LUMP SUM" once in column A (under Species).
 - Enter the single value of your total lump sum bid for the tract under the Total Tract Bid Value at the bottom of column H.
- (3) Enter the amount of the Bid Guarantee Bond and mark the appropriate Form of the bond that will accompany your bid for the tract.
- (4) Mark the type of Performance Bond that you will provide if declared the successful bidder for the tract.
- (5) Mark the type of organization or entity that you are bidding on behalf of.
- (6) At the bottom of the Form, print your name, your title, the organization's name you are bidding on behalf of, your affiliated organization's or your address, and your contact phone number (please include multiple numbers if appropriate).
- (7) Sign and date the Form with an original signature and date.
- (8) Enclose the Form along with your Bid Guarantee Bond in a sealed envelope clearly marked "Sealed Timber Bid Tract (include tract number)" and deliver to the Douglas County Forestry Department by the date and time of the deadline. Individual separate envelopes must be used for each tract.

– The Bid Form MUST BE completed in its entirety –

Bids below the minimum advertised total tract value for each species and product listed, below the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

SPECIES PRICE ESTIMATE BY SPECIES INFORMATION				
SPECIES	4" ROUNDWOOD (CORDS)	WHOLE-TREE (CORDS)	SAWLOGS (MBF)	MINIMUM TOTAL SPECIES PRICE
Mixed HW	390	690	XXX	\$5,175.00
TOTALS	390	690	XXX	\$5,175.00

The Mixed HW volume contains approximately 25% Red Maple, 19% White Birch, 18% Sugar Maple, 15% Basswood, and 23% Misc.

TRACT 45-12 (POWERLINE HARDWOOD II) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -

- Harvest unit 1 has a clear-cut harvest prescription with an estimated average residual basal area of 9ft².
- Harvest unit 2 has an all-aged improvement thinning harvest prescription with an estimated average residual basal area of 77ft².

B. SEASONAL RESTRICTIONS -

- All harvesting operations shall be limited to frozen ground conditions only.
- All road construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -

- In harvest unit 1, fell, skid, and haul all non-marked red maple, white birch, sugar maple, basswood, and miscellaneous species stems that meet the product and utilization standards as per product bid.
- In harvest unit 2 fell all marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- In harvest unit 1, reserve and leave undamaged all pine, spruce, balsam fir, cedar, tamarack, and marked stems.
- In harvest unit 2, reserve and leave undamaged all non-marked stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- In harvest unit 2, sheared stems shall be limbed and topped at the stump prior to product skidding or forwarding.
- In harvest unit 1, "Complete Vegetation Maintenance" excluding uprooting, is required with the objective to kill the above ground portion of the plant. Below ground portions shall be protected.
- One landing location is permitted as designated.

F. ACCESS AND ROADS -

- No new access roads shall be constructed.
- The total length of the existing access road is approximately 4,600 feet.
- Portions may require freeze down before use.
- The access road utilizes an existing transmission and pipeline right-of-way.
- Pikes Peak Road is a County Forest Road and winter snowmobile trail.

G. OTHER -

- A transmission and pipeline right-of-way is located directly adjacent to both harvest units.
- Use of the right-of-way may require special safety conditions prescribed by Enbridge Energy. Contact the Sale Administrator for further information.

TRACT NUMBER 22-12

SALE NUMBER

Prepared By: Craig Golembiewski Legal: Sec 6 T44N - R13W Sec 1 & 12 T44N - R14W
 Sale Name: Half Hutch Town: Dairyland & Gordon Topography: Flat
 Scale Method: Ticket Scale Acres: 97 Harvest Units: 1 Soils: Sandy Loam
 Contract Period: 2 Years Map Scale: 6" = 1 mile Season: Frozen Ground

-- See the Douglas County Timber Sale Contract and reverse side for terms and conditions. --

SPECIES, PRICE & ESTIMATED VOLUME INFORMATION				
SPECIES	4" ROUNDWOOD (CORDS)	WHOLE-TREE (CORDS)	SAWLOGS (MBF)	MINIMUM TOTAL SPECIES PRICE
Mixed HW	XXX	4,900	XXX	\$57,820.00
TOTALS	XXX	4,900	XXX	\$57,820.00

The Mixed HW volume contains approximately 42% Red Maple, 19% Basswood, 11% Sugar Maple, 10% Aspen, 8% Black Ash, 6% White Birch, 3% Yellow Birch, and 1% Misc.

TRACT 22-12 (HALF HUTCH) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -

- Clear-cut harvest prescription with an estimated average residual basal area of 9sf2.

B. SEASONAL RESTRICTIONS -

- All harvesting operations shall be limited to frozen ground conditions only.
- All road construction and crossing construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -

- Fell all aspen, red maple, white birch, balsam fir, ash, sugar maple, and basswood stems; and all less than 18-inch DBH yellow birch stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- Reserve and leave undamaged all red oak, spruce, white pine, red pine, and elm stems; and all greater than 18-inch DBH yellow birch stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- "Slashing maintenance" is required.
- "Whole-tree Product" utilization only in the form of chipping.
- One landing location is permitted as designated.

F. ACCESS AND ROADS -

- The total length of the access road system is approximately 11,700 feet. Approximately 7,900 feet of existing access road and 3,800 feet of new access road.
- The entire 3,800 feet of new access road will require "Class 3" new reconstruction.
- Portions of the 7,900 feet of existing access road may require minimal "Class 3" reconstruction before use.
- Two permanent "Culvert Crossings" shall be constructed as designated. Please see contract attachment.
- The Bounty Road is a County Forest Road and a winter snowmobile trail.
- Golden Tail Road is a County Forest Road.

G. OTHER -

- Note skidding distances.
- Protect designated survey monument.
- The Mixed HW whole-tree volume contains an estimated 3,755 4" roundwood cords.

B. SEASONAL RESTRICTIONS -

- All harvesting operations shall be limited to frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -

- Fell, skid, and haul all tamarack, black spruce, balsam fir, black ash, white birch, and red maple stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- Reserve and leave undamaged all species stems not identified under trees designated for cutting.
- Reserve and leave undamaged all advanced sub-merchantable regeneration.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
- Four landing locations are permitted as designated.
- Alder shearing for additional landings may be an available option and can be discussed during the pre-operations meeting.

F. ACCESS AND ROADS -

- The access road is gated.
- The first 750 feet of the access road is a winter snowmobile trail.
- The total length of the access road system is approximately 3,750 feet. Approximately 750 feet of existing access road and 3,000 feet of new access road.
- The 750 feet of existing access road may require "Class 4" reconstruction.
- The 3,000 feet of new access road will require "Class 4" new construction.
- Significant portions will require freeze down before use.
- Alder shearing for additional roadwork may be an available option and can be discussed during the pre-operations meeting.
- "Scattered Blockage Debris" is required beyond that point where the access road spurs off the snowmobile trail as directed by the Sale Administrator.

 SALE NUMBER:

Prepared By: Jim Latvala Legal: Sec 9, 10, 16 & 20 T45N - R12W
 Sale Name: Old Homestead HW Town: Solon Springs Topography: Sloping Hills
 Scale Method: Ticket Scale Acres: 107 Harvest Units: 3 Soils: Sandy Loam
 Contract Period: 2 Years Map Scale: 2.5" = 1 mile Season: Frozen Ground

-- See the Douglas County Timber Sale Contract and reverse side for terms and conditions. --

SPECIES PRICE ESTIMATED VOLUME INFORMATION				
SPECIES	4" ROUNDWOOD (CORDS)	WHOLE TREE (CORDS)	SAWLOGS (MBF)	MINIMUM TOTAL SPECIES PRICE
Mixed HW	2,340	XXX	XXX	\$38,376.00
TOTALS	2,340	XXX	XXX	\$38,376.00

The Mixed HW volume contains approximately 35% Red Oak, 20% Basswood, 15% Red Maple, 10% Sugar Maple, 5% Black Ash, 5% White Birch, 5% Aspen, 3% Balsam Fir & 2% Yellow Birch.

TRACT 35-12 (OLD HOMESTEAD HW) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -

- Harvest unit 1 has a seed tree harvest prescription with an estimated average residual basal area of 21ft².
- Harvest units 2 and 3 have an overstory removal harvest prescription with an estimated average residual basal area of 7ft².

B. SEASONAL RESTRICTIONS -

- In harvest unit 1 all harvesting operations shall be limited to frozen ground conditions only.
- In harvest units 2 and 3 all harvesting operations are permitted under snow covered ground conditions with no less than 4-inches of accumulated snow depth.

C. TREES DESIGNATED FOR CUTTING -

- In harvest unit 1 fell all non-marked stems. Skid and haul all stems that meet the product and utilization standards as per product bid.
- In harvest units 2 and 3 fell, skid, and haul all red oak, basswood, red maple, sugar maple, black ash, white birch, aspen, balsam fir, and yellow birch stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- In harvest unit 1 reserve and leave undamaged all marked stems.
- In harvest units 2 and 3 reserve and leave undamaged all white pine stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
- In harvest units 2 and 3 the sale administrator will layout a skid trail plan at the time of the pre-operations meeting. All equipment operation and skidding shall be limited to these trails.
- In harvest units 2 and 3 operations shall minimize to the greatest extent possible any damage to established regeneration.
- Three landing locations are permitted as designated.

F. ACCESS AND ROADS -

- No new access roads shall be constructed.
- The total length of the existing access road system is approximately 12,900 feet.
- Portions may require minimal "Class 3" reconstruction before use.
- Portions may require freeze down before use.
- The access road to harvest unit 2 is gated and crosses an existing transmission and pipeline right-of-way.
- The access road to harvest unit 1 utilizes a winter snowmobile trail and one "Freeze Down Crossing" shall be constructed as designated.

G. OTHER -

- Note skidding distances.
- In harvest unit 2, all roadwork and hauling operations shall be subject to approval by Enbridge Energy and any special safety conditions prescribed by Enbridge Energy. Contact the Sale Administrator for further information.
- In harvest units 2 and 3, the Mixed HW cord volume contains approximately 75% sawlog size material.

 Sale Name: Falling Walls Town: Summit Topography: Sloping Hills
 Scale Method: Ticket Scale Acres: 197 Harvest Units: 2 Soils: Sandy Loam
 Contract Period: 2 Years Map Scale: 4" = 1 mile Season: Seasonal (see reverse)

-- See the Douglas County Timber Sale Contract and reverse side for terms and conditions. --

SPECIES, PRICE & ESTIMATED VOLUME INFORMATION				
SPECIES	4" ROUNDWOOD (CORDS)	WHOLE-TREE (CORDS)	SAWLOGS (MBF)	MINIMUM TOTAL SPECIES PRICE
Mixed HW	3,050	XXX	XXX	\$25,620.00
TOTALS	3,050	XXX	XXX	\$25,620.00

The Mixed HW volume contains approximately 34% Sugar Maple, 20% Red Maple, 20% Basswood, 9% Yellow Birch, 6% White Birch, 6% Black & White Ash, 4% Aspen, & 1% Misc.

TRACT 12-12 (FALLING WALLS) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -

- Harvest unit 1 has a clear-cut harvest prescription with an estimated average residual basal area of 3ft².
- Harvest unit 2 has an all-aged improvement thinning harvest prescription with an estimated average residual basal area of 74ft².

B. SEASONAL RESTRICTIONS -

- No harvesting operations shall be permitted in either harvest unit from April 1st to July 1st. Please note that lowland portions may not be operable during non-frozen ground conditions.
- All road and crossing construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -

- In harvest unit 1 fell, skid, and haul all red maple, aspen, white birch, sugar maple, basswood, yellow birch, black ash, white ash, and balsam fir stems that meet the product and utilization standards as per product bid.
- In harvest unit 2 fell all aspen, balsam fir, and marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- In harvest unit 1, reserve and leave undamaged all cedar, white spruce, white pine, red pine, and red oak stems.
- In harvest unit 2, reserve and leave undamaged all non-marked species stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
- "Slashing Maintenance" is required for harvest unit 1.
- One freeze down skid trail crossing shall be constructed as designated. All equipment operation and skidding in this portion of the sale area shall be limited to this crossing.

F. ACCESS AND ROADS -

- The total length of the access road system is approximately 9,100 feet.
- The entire 9,100 feet will require "Class 1" construction. 1,900 feet of minimal reconstruction, 2,800 feet of reconstruction, and 4,400 feet of new construction.
- Five permanent "Culvert Crossings" shall be constructed as designated. Please see contract attachment.
- "Earth Berm" installation or "Scattered Blockage Debris" is required for two locations within the sale area as designated by the Sale Administrator.

G. OTHER -

- Note skidding distances.
- Private property lines are complex and require special attention. Contact the Sale Administrator for further information.

Mixed HW	750	XXX	XXX	\$11,850.00
Aspen	690	XXX	XXX	\$13,110.00
Balsam Fir	340	XXX	XXX	\$4,760.00
Red Pine	95	XXX	XXX	\$2,194.50
TOTALS	1,875	XXX	XXX	\$31,914.50

The Mixed HW volume contains approx., 57% Red Maple, 15% Sugar Maple, 13% White Birch, 7% Basswood, 6% Black Ash and 1% Yellow Birch, & 1% Red Oak. The Balsam Fir volume contains approx., 51% Balsam Fir, 32% Black Spruce, & 17% Tamarack.

TRACT 33-12 (DEITZ CORNER) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -

- Harvest unit 1 (57 acres) has a clear-cut harvest prescription with an estimated average residual basal area of 4ft².
- Harvest unit 2 (4 acres) has a 3rd entry improvement thinning harvest prescription with an estimated average residual basal area of 135ft².
- Harvest unit 3 (17 acres) has a 1st entry all-aged improvement thinning harvest prescription with an estimated average residual basal area of 58ft².

B. SEASONAL RESTRICTIONS -

- All harvesting operations shall be limited to frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -

- In harvest unit 1, fell all aspen, red maple, sugar maple, white birch, basswood, black ash, yellow birch, balsam fir, black spruce, and tamarack stems that meet the product and utilization standards as per product bid.
- In harvest unit 2, fell all marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.
- In harvest unit 3, fell all marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -

- In harvest unit 1, reserve and leave undamaged all red pine, red oak, white pine, and white spruce stems.
- In harvest unit 2, reserve and leave undamaged all non-marked stems.
- In harvest unit 3, reserve and leave undamaged all non-marked stems.
- In all harvest units, reserve and leave undamaged all advanced sub-merchantable regeneration.

E. HARVEST AND OPERATIONAL REQUIREMENTS -

- All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
- "Slashing Maintenance" is required for harvest unit 1.
- No more than eight landing locations are permitted as designated.
- All landings directly adjacent to a town road shall be temporary. Temporary culvert installation (culvert to be supplied by the purchaser) in road ditch approaches may be necessary. Road ditch approaches shall be removed and ditches re-shaped upon sale completion.

F. ACCESS AND ROADS -

- No new access roads shall be constructed.
- The total length of the existing access road system is approximately 4,300 feet.
- Portions may require minimal "Class 3" reconstruction before use.
- Portions may require freeze down before use.
