## **COVID-19: *Nine People in Douglas County***

Douglas County— Public Health announced today that Douglas County has another person who has tested positive for COVID-19, bringing the total to nine. The last two individuals are older, both over 65 years old. One person had traveled out of the country, the other had no symptoms, but was tested as part of a medical screening. All individuals who have tested positive for COVID-19 are recovering well at home.

Public Health is partnering with county GIS staff in developing new reporting formats that will allow residents to view local COVID-19 information on a regular basis. This information will be located on the Douglas County website as soon as possible.

Check the Douglas County web page for updates and alerts.
